+91 9667390613 | geetika.kalia51@gmail.com | [LinkedIn](#) | NIT, Faridabad, 121001

Technical Skills

Languages: Python, JavaScript (ES6+), HTML5, CSS3, SQL

Frontend: React.js, Responsive Design, UI/UX, Component-Based Development

Backend: Node.js, Express.js, REST APIs, CRUD, API Integration

Databases: MongoDB, MySQL, PostgreSQL

Tools: Git, GitHub, VS Code, Postman

Core Concepts: Full-Stack Development, Object-Oriented Programming (OOP), Data Structures & Algorithms, Debugging, Testing, SDLC

Additional Technologies: Artificial Intelligence, Robotics, Arduino, IoT, Automation

Experience

STEM & AI Trainer | STEMROBO Technologies

Feb 2026 – Present

- Deliver hands-on training in **AI, Python, Robotics, Arduino, IoT, and Automation**.
 - Design projects using **microcontrollers, sensors, motors, relays, and automation systems**.
 - Guide learners through **programming, prototyping, testing, debugging, and project execution**.
 - Troubleshoot **hardware, software, coding, and circuit integration** issues.
 - Develop **project-based technical activities** to enhance programming and problem-solving skills..
-

Projects

Smart IoT Monitoring & Automation Dashboard | MERN Stack

Tech: React.js, Node.js, Express.js, MongoDB, Arduino/ESP32

- Built a MERN-based IoT dashboard for real-time sensor monitoring and device control.
- Developed REST APIs, MongoDB data models, authentication, and CRUD operations.
- Integrated Arduino/ESP32 sensors with automated device-control workflows.
- Implemented a responsive React.js interface with alerts, device status, and sensor analytics.

Smart Home Automation System | Python

Tech: Python, Arduino/ESP32, IoT, Sensors, Flask, MongoDB

- Developed an IoT-based home automation system to monitor and control appliances remotely.
 - Integrated Arduino/ESP32 with sensors and relays for real-time device control.
 - Built Python/Flask REST APIs for device communication, automation, and monitoring.
 - Implemented rule-based automation for lights, fans, and other appliances based on sensor conditions.
-

Education

Master of Computer Applications (MCA)

J.C. Bose University of Science & Technology, Faridabad

CGPA: 7.1

Bachelor of Computer Applications (BCA)

J.C. Bose University of Science & Technology, Faridabad

CGPA: 7.72

Certification

The Joy of Computing with Python — NPTEL

Full-Stack Web Development — Udemy
