Education

Ambalika Institute of Mangement and Technology

Jun 2019 – May 2023

- GPA: 8.2/10 : Bachelor of Technology in Computer Science and Engineering

Experience

Analyst, American Express Global Business Travel – Gurgaon, India

Jan 2024 – Present

- **Debugging & Troubleshooting:** Deployed and supported machine learning and AI-backed services on cloud infrastructure using AWS (ECS, EC2, Lambda) and GCP (GKE).
- **Automation & Support:** Supported real-time API-based systems, ensuring high availability and smooth integration with frontend and product workflows. Automated infrastructure and operational workflows using Python and shell scripting, improving deployment speed and system reliability.
- **Software Understanding:** Developed a strong understanding of end-to-end application and ML system architecture, bridging gaps between DevOps, backend, and AI workflows. Authored detailed technical documentation covering deployment steps, troubleshooting guides, and system architecture. Collaborated with global teams across EMEA, NAC, and LAC regions, supporting multi-region deployments and cross-time-zone operations.
- Timeline: Analyst (Jan, 24 - Present)

Projects

Advanced face recognition system app

- Developed a "Face Recognition System" for college attendance built a computer vision-based face recognition system using Python and ML techniques.
- Created a web application with HTML, CSS, and JavaScript for efficient attendance management.
- Designed the image preprocessing and dataset handling pipeline for accurate recognition.

Career Counseling Chatbot

- Developed a career counseling chatbot using Machine Learning and fuzzy logic algorithms to provide personalized career guidance.
- Used Python, Machine learning and tkinter module for GUI based user interface.

Technical Skills and Certification

Technical Skills: C++, Python, SQL, Computer Vision, Prompt Engineering, AWS Cloud Practitioner certified (CLF-02)

Frameworks, Libraries and tools: AWS, PyTorch NumPy, Pandas, Git/GitHub, Docker, FastAPI, OpenCV

Patents and Publications

A Review of Current Perspective and Propensity in Reinforcement Learning (RL) in an orderly Manner

May 2024

Shweta Pandey, Pawan Mishra, Yussuf Perwej

Review Paper ID - CSEIT2390147

Awards And Achievements

AWS-Udacity Scholarship: Awarded the AWS-Udacity Scholarship for the Nano Degree Program (AI + Python).

Runner-Up, PNB Debate Competition: Secured Runner-up position in the Debate Competition organized by Punjab National Bank.

Coordinated Tech Saksham: Served as Tech Coordinator in Tech Saksham, an event organized by Microsoft.
